

# **FSC Digit**

## **Professional banding machine**

**COD. TFAWK02**

---

### **DESCRIPTION**

FSC Digit is an automatic banding machine for packages from 30x10mm up to 460x200mm. Simple and reliable. It uses paper and polypropylene tapes from 29,2mm to 29,6mm width. Manual or automatic operations thanks to the package detection sensor. In automatic mode it performs up to 20 cycles per minute. It can be combined with the optional motorized Jumbo Dispenser with automatic unwinder that install reels up to 1.000m with a significant cost saving in terms of time and material.
